Capacity Building

The Association can steer groups towards organisations that provide training and support for volunteers.

Widening Participation, Working with other Agencies

At Cosmopolitan we endeavour to work in partnership with the communities in which we work to participate in decision making.

Improving Community Facilities

Cosmopolitan staff are experienced in assisting groups to improve local facilities; such as play grounds, open spaces and community gardens.

Creating Active Communities

We want to work in partnership with local people and listen to what is important to them. By working together we aim to create an environment which is safe, friendly and a place where people want to live.

Enabling & Decision Making

We can provide the necessary skills and training which allow communities to have their voice heard.

Attracting Funding

We can assist groups to access funding for projects, this could be for training, projects for young people and anything else that would improve your community.

New Groups

We can help establish new groups if they are needed, help with constitutions, terms of reference and give direction.
